NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 6. MARYVILLE, MISSOURI. THURSDAY, OCT. 14, 1915. NO. 114.

WOMEN'S BUSINESS AFFAIRS TODAY AFTER PLEASANT OPENING RECEPTION

Club Delegates Are Applying Themselves "Manfully" to Work, Following Welcome and Felicitations in Social Hours at Normal Last Night.

A large assemblage was present last night at the reception given at the State Normal school to welcome the visitors who are guests of the city club women at the annual meeting of the first district of the Missouri Federation of Women's Clubs. The gathering also formally opened the convention, and it was attended by about 250 Maryville people, who were there to greet the visitors and delegates, who numbered about 75.

A program was given in the assembly hall of the Normal af er the crowd had assembled. The stage and hall had been handsomely decorated with ferns, yellow chrysanthemums and yellow and white bunting, these colors being the chosen ones of the district represented.

While the guests were arriving Maulding's orchestra presented a musical program. The opening numbers were two songs given by a ladies' chorus composed of Mrs. H. C. Todd, Mrs. H. L. Raines, Mrs. F. M. Townsend, Mrs. Charles Moore, Mrs. D. J. Thomas, Mrs. Fred Harvey, Mrs. R. L. Finch, Mrs. Rolla Alexander, Mrs. H. B. Schuler, Mrs. J. E. Bailey, Miss Jean Horn, Miss Orril Helwig, Miss Marjorie Wilfley and Miss Ada Clayon, with Mrs. Warren Jackson accompanist. Their selections were "Cheerfulness," Gumbert, and " De Coppah Moon," Shelley.

Mrs. Ferdinand Michau Townsend appeared next on the program, giving a vocal solo, which was exceptionally pleasing, and she responded to an encore, giving a second number equally as pleasing as her first.

Gives Welcome Speech.

The address of welcome for the clubs of the city was given by Mrs. G. H. Colbert, president of the City Federation.

Mayor U. S. Wright gave the greetings and welcome for the city, and made Maryville "theirs" for the convention, and made the entire crowd feel "at home" in a very few moments by a clever and brief speech of greeting

This was responded to on behalf of the visitors by Mrs. J. M. Dunn, a representative of the XIX club of Chillicothe.

The final musical number of the program was a solo given by Mrs. D. J. Thomas, which was received with great applause, and the singer was forced to respond to an encore, giving for the second a lullaby song which was a delight to the listeners. Dr. D. J. Thomas was accompanist for both Mrs. Thomas and Mrs. Townsend.

State President Speaks.

Mrs. W. R. Chivvis of St. Louis, president of the State Federation, followed with the principal address of the evening. Mrs. Chivvis possesses an unusual charm of manner, a voice of pleasing intonation, and a decided genial wit which made her audience follow closely on every word.

Mrs. Chivvis spoke of the work of the State Federation, gave a little of the various departmental plans and hopes for the future, touched on the greatest of all institutions, the home, and the relation of all of these things to the great movements in life.

President Ira Richardson of the State Normal closed the program with a short address in which he spoke of the relation of club work and school life and showed the great opportunities for culture and advancement in the proper relation to the two.

Mr. Richardson also welcomed the guests to the Normal building, and gave them a cordial invitation to visit all parts of the school. The entire upper floor was opened to the visitors last night, and the Normal faculty assisted the club women in every way to make the night one of open hospitality and pleasure to the visitors.

Following the program a supper was served in the library rooms of the Normal, the entire company being seated at the same time at tables laid for ten each. Maulding's orchestra presented a musical program. The menu was served by Reuillard, who was assisted by a corps of twenty-five waiters.

The reception committee for the evening was composed of Mrs. M. G. Tate, president of the Twentieth Century club; Mrs. B. C. Halley, president of the Mutual Improvement Circle; Mrs. E. Ogden, Mrs. Anderson Craig, Mrs. R. H. Duncan, Mrs. G. B. Holmes, Mrs. F. M. Martin, Mrs. J. F. Cook, Mrs. W. A. Bailey, Mrs I. W. Nixon and Mrs. Walter Mutz, and their assistants were Miss Beulah Brunner, Miss Hettie Anthony, Miss Alice Porter, Miss Grace Langan, Miss Mabel Todd, Miss Kate Schenck, Miss Dora Carpenter, Misses Jeanette and Julia Tate, Miss Dorothy Pierce, Mrs. Roy Collins, Mrs. R. W. Pettit, Mrs. A. A. Brewer and Miss Ruth Montgomery.

Convention Workers.

The committees from the Maryville clubs who have been in charge of the convention are:

House—Mrs. B. C. Halley, Mrs. W. A. Rickenbrode, Mrs. John Richey and Mrs. E. B. Sheldon.

Invitation—Mrs. R. L. McDougal, Mrs. C. B. Roberts, Mrs. Charles Bellows and Mrs. O. C. Hanna.

Program—Mrs. D. J. Thomas, Mrs. F. M. Martin, Mrs. C. C. Corwin and Mrs. E. G. Orear.

Music—Mrs. Harry Todd, Mrs. I. W. Nixon, Mrs. Rolla Alexander and Miss Nelle Hudson.

Badges—Mrs. George Robert Eaton, Mrs. W. O. Garrett, Mrs. W. A. Bailey and Mrs. Earl Baker.

Decorations—Mrs. D. J. Thomas, Mrs. I. W. Nixon, Mrs. Henry Foster, Miss Fannie Hope and Miss Mildred Miller.

Refreshments—Mrs. Noble Covey, Mrs. L. R. Holt, Mrs. Berney Harris and Mrs. W. C. Van Cleve.

Publicity—Miss Schenck, Miss Lucie Davis and Miss Jessie Parcher.

Hospitality—Mrs. T. L. Wilderman, Mrs. W. A. Burris, Mrs. S. G. Gillam, Mrs. C. C. Corwin and Mrs. G. H. Colbert.

Credentials—Mrs. John Bailey, Mrs. E. G. Orear, Mrs. D. J. Thomas and Miss Dorothy Pierce.

Transportation—Miss Ruth Montgomery, Miss Marjorie Wilfley, Mr. B. M. Chandler, Miss Dora Carpenter, Miss Marie Reuillard and Miss Gertrude Wright.

City decoration—Mrs. E. G. Orear, Miss Bertha Beal, Mrs. John Richey, Mrs. I. W. Nixon and Mrs. Gallatin Craig.

In Session Today.

Today's session opened at 9 o'clock this morning in the First Christian church. Prof. P. O. Landon gave an organ prelude for the first number of the program, and the pastor, the Rev. Robert Lyle Finch, gave the invocation. The meeting was then given over to the reports of the state board of directors of the Missouri federation, which has been in session in this city since Tuesday morning. The meeting of the state board of twenty-five members, held at this time, has added greatly to the interest and profit of the district convention.

Sixty-six delegates are registered, which include representatives of the twenty-five clubs in the district. The first district is composed of the fifteen counties in the northwest section of the state. The first district bears

O INHOSPITABLE JUDGE!

Man Guilty of Drunkenness Can Avoid Paying Fine If He'll Stay Out of Town One Year.

Maryville people are sometimes inhospitable. For instance, Mayor U. S. Wright fined a man $20 for drunkenness this morning and then remitted the fine if the man would agree to stay out of Maryville for one year—and keep the promise.

So if City Marshal Moberly sees C. A. Race within the city limits anytime within the next twelve months, he may take him before the police court and the city will be richer by $20 or have a boarder. Tom Hall was fined $5 and costs for drunkenness this morning also. Hall claims his home is in Kentucky. He is serving out his fine in the city jail.

WORKING ON GREENHOUSE

Foundations Being Laid for New Normal Building, Northwest of the Powerhouse.

AGRICULTURAL EXPERIMENTS

Work was started this week on the foundation of a building at the Normal grounds to be used for a greenhouse. Lord & Burnham of Chicago, have the contract for the job and the building will probably cost $2,500.

The new building will be east of the main building and northwest of the power house. There will be three sections or rooms, the center section being 75 feet long and 22 feet wide, while the end section wsill be 18 feet wide.

It will be used for the study of flowers and plants by the agriculture department of the Normal. It is expected that the building will be completed within the next few months, although no time has been stipulated.

BEEN MARRIED SIXTY YEARS

Elder and Mrs. C. J. Carmichael of Hopkins, to Be Visited by Friends Next Monday.

Elder and Mrs. C. J. Carmichael of Hopkins will celebrate their sixtieth wedding anniversary on next Monday, says this week's Hopkins Journal. The members of their church, as well as some of their other friends, have planned to go to the Carmichael home that day and all will take well filled baskets. In the afternoon several will make addresses, including, no doubt, an interesting talk by Elder Carmichael himself

RUSSIA AGAIN ON OFFENSIVE

Forward Movement Along Entire Eastern Front From Baltic to Buckowina.

Special to The Democrat-Forum.

Petrograd, Oct. 14.—The Russians have taken the offensive on all the eastern front from the Baltic to Bukowina. The cavalry in Galicia is inflicting heavy losses on the retreating Austrians.

Von Hindenburg has been checked in his advance against Dvinsk, and the situation in the center is developing favorably.

THE CHAMPS GOT HOME.

But Red Sox Arrived Too Early and Few Met Them.

Special to The Democrat-Forum.

Boston, Oct. 14.—The Boston Red Sox, world's champions in base ball for 1915, arrived here this morning at 7 o'clock. They were not expected until later, and only a few fans saw them get home.

The team met at the Fenway park this afternoon to divide the winner's share of the gate receipts for the first four games. It was more than $3,000 for each player.

WILSON FOR WAR FUNDS.

Approves Plans of Secretary Garrison for Increase in Army Appropriations.

Special to The Democrat-Forum.

Washington, Oct. 14.—President Wilson today approved the plan of Secretary of War Garrison for an increase of $74,000,000 in the appropriation for the army. It was learned at the White House that congress would be asked for $180,000,000.

The entire amount will go for coast and field artillery. Representative John Hay of Virginia, chairgan of the house committee on military affairs, went over the schedule with the president this morning.

TICKET SALE BEGUN

1915 LYCEUM COMMITTEE DESIROUS OF EARLY RESPONSE.

DR. MACQUEEN'S HISTORY

Record of Honors and Travels of Man Who Will Appear in Course February 17.

The preliminary canvass for sale of tickets for the 1915 lyceum course was begun yesterday. A round of the business houses was made which resulted in the selling of 150 tickets. Many men were not in, however, and a large number of others wished to advise with their families.

The number is not quite so good as last year's first canvass, but the committee feel sure that the much better course which is offered this year will be met with a hearty response when a thorough canvass is made. But it will be a great accommodation to the committee if the reservations are made as quickly as possible.

The desire for an early response is two-fold. All of the men on the lyceum committee are giving days of their time to the work for which they will receive nothing, not even a ticket. Yet they are obligated legally for any deficit, is one should occur. The signing of Miss Alice Nielsen and a higher grade of talent in all the numbers makes the 1915 course a great deal more expensive.

DR. PETER MacQUEEN, F. R. G. S.

So for the peace of mind of those public spirited men who have made the lyceum possible for three years, it is well to let them know at once how many tickets you will want. The tickets were placed on sale at the schools today, and it is hoped that a large number of the half-price tickets will be sold as the lyceum is particularly valuable to children in school.

Following is an account of the equipment of Peter MacQueen, F. R. G. S. winner of the highest geographical honor in the world, for education and entertainment upon the platform. An account of his work completes the list of biographies of lyceum talent which have been printed in The Democrat-Forum.

Dr. MacQueen is a Scottish American of virile type. He is a graduate of Princeton university, and other prominent institutions of learning.

His first travels were made in Greece and Armenia, in 1896.

In 1898 he was war correspondent with the American armies in Cuba, attached to the army of Colonel Roosevelt, and was later made an honorary member of the "Roosevelt Rough Riders."

In 1902 was sent to the Panama canal to report to Mr. Roosevelt existing conditions.

In 1904 was in Servia during the murder of the king and queen.

In 1907 and part of 1908 in Central Africa, where Roosevelt hunted in the jungles, after which he wrote his famous book, "In Wildest Africa," published in 1909.

In 1911 with the army of Madero in Mexico, and was with that famous general when he drove out old President Diaz.

Mr. MacQueen is the author of three well known books of travel.

He is a personal friend of ex-President Roosevelt, King George of Greece, the imperial minister of the czar, and many of the leading generals and diplomats of Europe and the United States.

His travelogues are profusely illustrated with the best pictures that can be made. His speech on the subject in hand is unusually brilliant, witty and convincing.

Dr. MacQueen is an authority in this country on international questions. He has extensively traveled in the Philippines, Africa, Siberia, and all of South and Central America. He will be on the lyceum platform here February 17.

MISS ANTHONY HONORED

Head of Home Economics at State Normal Speaker at National Meeting of Teachers.

IN NASHVILLE OCTOBER 16-17

To be invited by the United States commissioner of education, P. P. Claxton, to speak at the meeting of all the Home Economics teachers in state normal schools in the United States, is the honor which came to Miss Hettie M. Anthony, head of the home economics department of the State Normal school here.

The subject given her by Mr. Claxton is one in which she has shown much aptitude and interest here, particularly in her work in the farm and home institute and the Agricultural and Domestic Science association. It is: "The Relation of the Home Economics Teacher in the Public Schools to Their Immediate Community and to the State."

Miss Anthony left today for Nashville, Tenn., where the sessions of the convention will be held in the auditorium of George Peabody Institute, October 16 and 17. Special attention will be paid at this meeting to the extension work of normal schools.

Mr. Claxton will preside at this meeting, which is one of a number which are being held in the various sections of the country by the commissioner.

COX SPEAKING AT ATCHISON

Methodist Pastor Invited to Home Coming Festival of Church There This Week.

The Rev. Gilbert S. Cox, pastor of the First Methodist church, left this morning for Atchison, Kan., where he will give an address tonight at the Methodist church. The church is holding an eight-day fall festival and home-coming week.

The program began last Sunday and will continue through next. A prominent speaker is secured for each night of this week and tonight is Rev. Cox's night. His subject is "Making a Masterpiece." The program refers to Mr. Cox as a brilliant orator and singer.

A new church is being built there and the festivities are a part of the rally for the new building. Mr. Cox is somewhat acquainted in Atchison on account of his going to school in Baldwin, Kan., at Baker university.

20,000 GERMANS DAILY.

French Say Counter Attacks Continue Without Regard for Life.

Special to The Democrat-Forum.

Paris, Oct. 14.—German counter attacks continue in the Champagne and Artois regions without any regard for the loss of life. It is estimated that the Teutons have been losing 20000 daily since the unsuccessful efforts to regain their lost ground began.

WILL PLAY PATTONSBURG.

Garard Will Take Picked Basket Ball Team Home With Him.

Leland Garard, a student in the State Normal school from Pattonsburg, and a member of the basket ball squad, will take a picked team home with him Saturday morning. They will play the Pattonsburg high school team Saturday night.

Garard and Homer Scott will be the guards, Omer Lyle and Oscar Lollis, forwards and Lee Scarlett, center, on the team from Maryville. The team will remain there Sunday as guests of Mr. Garard.

Revival and Central Friendship.

The Rev. A. M. Kirkland of Mound City is holding a revival at Central Friendship church, near Clearmont. Six candidates for baptism came forward last night. Rev. R. R. Watts is pastor of the church. The meetings will continue as long as the interest justifies.

The Ladies of St. Patrick's church will hold a MARKET at Bower Hardware Store Saturday, October 16

URGES MERGING OF BANKS

Secretary of Treasury McAdoo Says Federal Reserve and Sub-Treasuries Duplicate.

Special to The Democrat-Forum.

St. Louis, Oct. 14.—William G. McAdoo, secretary of the treasury, with Mrs. McAdoo and their guests arrived in this city today on their way to the west. Mrs. McAdoo is a daughter of President Wilson.

Mr. McAdoo said that the greatest prosperity the country had ever known was before us. "The Federal Reserve system has made money available, giving us a dominant position in the financial world," he said.

A recommendation that congress merge the Federal Reserve Banks and the United States Sub-Treasuries will be made to the Senate and House by the Secretary. Mr. McAdoo said that they should be merged because they do duplicate work.

PARIS IN TURMOIL

STRONG AGITATION FOR MAKING PUBLIC DIPLOMATIC WORK.

THE PEOPLE ARE UNEASY

Want to Know Why Bulgaria Was Lost and What is Being Done to Win Greece.

Special to The Democrat-Forum.

Paris, Oct. 14.—The strong hostile agitation which resulted in the resignation of Minister of Foreign Affairs M. Delcasse yesterday, continues today, notwithstanding the almost unanimous vote of confidence in the cabinet by the deputies this morning.

Violent speeches are being made against certain governmental policies and this influence is not cowed by the denials by high officials that there was any lack of harmony among the leaders in the ministry.

One faction is opposed to the premier's policy of silence concerning the Balkan situation. It is asserted that silence causes the belief among the French people that things are not going as they should.

The people want to know what the French diplomats did to keep Bulgaria from siding with Germany, and what they are now doing to ally Greece and Roumania with the entente powers.

The Balkan situation is causing much uneasiness in Paris, and the cabinet is meeting all day in a discussion of the problem. M. Viviani, premier, announced today that he would have charge of foreign affairs as well as being president of the council. He said that the obligation of France to her allies made it impossible to make diplomacy public.

FUNERAL HELD TODAY.

Mrs. William Edwards Died at Hopkins—Adopted Son, W. G. A. Edwards, Lives Here.

The funeral services for Mrs. William Edwards of Hopkins, who died Tuesday night at 11 o'clock at her home, following a long illness of cancer, were held this afternoon at the residence, and burial took place at the White Oak cemetery. Mrs. Edwards was 60 years old and had been a resident of Nodaway county over thirty-five years. Besides her husband she leaves one son, John Edwards of Dolan, S. D. An adopted son, W. G. A. Edwards, lives in Maryville, and he and his family are in Hopkins today attending the funeral.

SERB ARMY TRAPPED

BULGARIANS CUT NISI-SALONIKI RAILWAY, SOFIA SAYS.

LONDON WON'T BELIEVE

English Say Army Could Not Have Moved 60 Miles in Three Days—Vienna Claims.

Special to The Democrat-Forum.

London, Oct. 14.—The Bulgarians have cut the Nisi-Saloniki railway and have advanced sixty miles into Servia, according to a Sofia dispatch. The Kitka heights were captured twenty-five miles west of the railway.

This indicates that the entire Servian army has been trapped by the German and Austrian forces, with the co-operation of the Bulgarian forces. They are now almost surrounded.

The loss of the railway prevents the allies from getting their re-inforcements from Saloniki into Servia. Vienna claims successes against the Servians also.

The Sofia dispatches are not believed to be true here, because it would be practically impossible for the Bulgarian army to have advanced sixty miles in three days.

BOMBS UPON LONDON AGAIN

Forty-one Killed and 101 Wounded, But Property Damage Was Slight.

Special to The Democrat-Forum.

London, Oct. 14.—Late reports from the press bureau say that the full list of dead is now 41 and the injured 101. Last night's raid is the most destructive ever made, it is admitted.

London, Oct. 14.—The drastic new lighting regulations of London prevented last night's Zeppelin raid from being very serious, because the Germans, in the darkness, had no targets to shoot at.

Six men and two women were killed, one a soldier. Thirty-four were wounded. Incendiary bombs were dropped and small fires started, but all were quickly extinguished by the fire brigade.

No military property or public buildings were struck.

COOPER "BUSIEST MAN" NOW

Printing and Mailing of Literature for Corn Show and Teachers a Task. 100 Coming From Gentry.

Bert Cooper, county superintendent of school, is qualifying this week as the county's busiest person. Reason the county's busiest person. Reason?—The Corn Show is only two weeks off. Also The Farm Institute and The County Teachers Meeting.

It was great encouragement to him to hear from Egbert Jennings, county superintendent of Gentry county, that 100 teachers of that county have signed up to come. The decision of the Maryville teachers to attend the meetings here rather than to go to Kansas City to the State Association next month also assured a successful meeting.

Mr. Cooper is mailing out programs to the teachers of the county today. With them, he is sending the examination questions for the first quarter, a manual of thirty-two pages about the accepted system of penmanship, and other literature.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

A gathering of women should feel more at home in a town named Maryville than Williamstown, for instance.

"Hoosier Moosers" as a title is about in a class with the old "six Thick Sticks" tongue twister.

If Herbert Hadley could only realize how good the Dickey barrel looks to some of the faithful he would cast ambition aside and get out of the way.

Henry Fabre, the French entomologist, lived for 92 years in poverty. Although he became famous the world over for his work with insects, it is feared that the world at large will think him "buggy."

Von Jagow says that the breaking of Greek neutrality by the landing of troops at Saloniki shows that the protest of the world against the German invasion of Belgium was cant or "Schwindel." But we'll wait for some tales of "frightfulness" before agreeing.

That base ball virus seems to be in the blood of all classes now. The Presbyterian synod of Kansas, in session at Emporia, had the world series results bulletined in the church, and a St. Joseph judge permitted the jury to get the results at intervals during a trial.

OUR GUESTS, THE LADIES.

The club women of northwest Missouri and those of the state board have been sufficiently welcomed. The president of the City Federation, the mayor and others have done so officially, and the people have welcomed them to their homes. They are bright, broad and interesting women, full of enthusiasm, abundant in initiative and endowed with boundless energy in the pursuit of those things which they deem desirable.

The Democrat-Forum is glad to have them come to our city. Aside from the fact that they are pleasant visitors, we are glad to be able to show them Maryville, a city where beauty, civic excellence and educational advantages have been greatly advanced by the wholesome influences and unselfish work of her public spirited women. We are glad to show them the magnificent county of Nodaway, in whose fertile lands Maryville, the queen of the northwest, is domiciled. We are glad to show them the finest bunch of club women in all Missouri, and we are glad to have their excellent spirit, their enthusiasm and their ideals liberated in our midst.

Dreams do not all come true. Visions are not all realized in practical life and ideals are shattered and rejected by an unsympathetic public, but, after all, whether among men or women, great achievements are preceded by great visions They are the compelling force that lead men on to greater things. The ideal and the awakening must come first; no man ever left footprints in the sands of time who slumbered without an awakening.

The intermingling of these women who do things serves to inspire and encourage all. The slumberers are awakened, the doubters are convinced and the lame are cheered. Their presence here will no doubt lend a new and greater inspiration to the women of Maryville.

The present tendency of club women is to broaden their sphere of usefulness. They are no longer satisfied to meet and do embroidery while diagnosing the affairs of their neighbors, or even to study art and literature. They are studying civic problems and legislation and in co-operating with progressive men are achieving very apparent results. They are not infallible nor are they always practical, but many very practical and beneficial results are following the united efforts of the public spirited women of the present day.

MANY GO TO ELMO.

To Attend the Dedication of the Masonic Hall Tomorrow—A Big Supper to Be Served.

Judge E. T. Bailey, worshipful master of the Elmo Masonic lodge, was in the city today attending a session of the county court. The new Elmo Masonic hall is to be dedicated tomorrow and Judge Bailey says that plans are being made to entertain a big delegation from Maryville and other neighboring towns.

The dedication will take place in the afternoon at 2 o'clock, with District Deputy Grand Master J. E. Reece in charge of the ceremony. Addresses will be made by Dan R. Baker of Maryville and several others. At 5 o'clock a big supper will be served, and in the evening three third degrees will be conferred.

Many Masons from Maryville are intending to go.

ONLY ONE "BEST."

Maryville People Give Credit Where Credit is Due.

People of Maryville who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Maryville people. Here's a case:

Mrs. R. Snyder, 1108 East Third street, Maryville, says: "My kidneys bothered me for quite awhile, and I had a dull pain across my back. I felt tired all the time and couldn't rest well. After using a few boxes of Doan's Kidney Pills I got great relief. My health has been better since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Snyder had. Foster-Milburn Co., Props., Buffalo, N. Y.

RICHARDSON TO MEETING.

President of State Normal School to Give Addresses at Norborne and Plattsburg.

President Ira Richardson left this afternoon for Norborne and Plattsburg At Norborne, he will give an address before the agricultural association dress meetU
which is showing this week. At Plattsburg, he will address the county teachers meeting. His address at Norborne will be Friday and at Plattsburg on Saturday.

SEVENTEEN YEARS AGO TODAY.

This County Visited With Big Snow Storm, According to Alf Owens of Hopkins.

The Hopkins Journal says this week that Alf Owens recalls that seventeen years ago today this country was visited with a heavy snow storm. The day previous was as balmy as a day in June, but when Mr. Owens arose the next morning the ground was covered with snow and the wind was blowing a hurricane. It was the fall of the big sleet and hail storm that did so much damage.

To Give Oyster Supper.

There will be an oyster supper given at the Gray Grove school house Friday night, October 15. The entertainment is in charge of Miss Daisy Miller of King City, who is the teacher of the school.

ONE SPOONFUL GIVES ASTONISHING RESULTS

Maryville residents are astonished at the quick results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy acts on both upper and lower bowel and is so thorough a bowel cleanser that it is used successfully in appendicitis. One spoonful of Adler-i-ka relieves almost any case of constipation, sour or gassy stomach. One minute after you take it, the gasses rumble and pass out. The Koch Pharmacy.

BRAVES ARE H. S. CHAMPS

Defeat of Pirates 4-1 Breaks Tie.—Harris Made Long Home Run Across Railroad.

The Braves are champions of the fall base ball tournament of the high school. The Tigers, who were running a bad third, dropped out of the schedule when the Pirates and Braves were tied. So it was agreed to play for the best two out of three.

The Braves, with Gillam and Harris as the battery, won again this week, making the best two out of three, and the fourth of five which the teams have played since school began. Van Cleve and Egley were the battery for the losers.

The score was 4-1 Monday and the game was featured by a home run by Harris. The ball fell across the tracks over right field and was probably the longest slug ever made on the Normal grounds. The game was stopped in the sixth on account of darkness.

17 GERMAN ORE SHIPS MISSING.

Believed at Stockholm That They Were Sunk by British Submarines.

Special to The Democrat-Forum.

Stockholm, Oct. 14.—Seventeen German steamers plying on the Baltic are missing and it is believed here that they have been sunk by English submarines. They were commissioned by the Kaiser's admiralty as ore steamers.

MARTIAL LAW IN THE HAGUE.

Order is Directed at Certain Trades Furnishing Supplies for Army.

Special to The Democrat-Forum.

The Hague, Oct. 14.—A modified order of martial law was declared here last night which is directed at certain trades furnishing supplies to the army. The order was made following the exposure of fraud and graft.

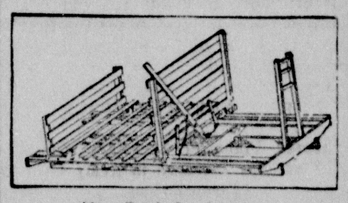
GOOD HAY RACK FOR LOADER

Device Intended to Do Away With Much Labor Necessary to Keep From Stopping the Team.

Those farm youths who have toiled beneath a 98-degree sun in an attempt to load ahead of a loader that was sweeping up heavy windrows, will see that the head of the farm looks into this invention that is designed to do away with the killing pace they have had to put up to keep from stopping the team and resting while they distributed the piles of hay that rolled up. The man on the hay rack can tell the driver to go ahead and calmly



Hay Rack for Loader.

tramp down the hay as it rolls up on the front end. When that is loaded, he moves a lever that unlocks a reciprocal truck on the bed of the rack and the hay loading surface of the rack is moved ahead and the rear half brought up under the loader to be loaded as was the front.—Farming Business.

NORMAL BASKETBALL ON

Regular Practice of Sport Supercedes Soccer Football.—Thirty Men Report to Hanson.

Thirty men rallied to the call of Coach Walter Hanson, for basket ball at the Normal last night. The interest is very high in this line of sport this year. Coach Hanson says:

"We are looking forward to the greatest season in the history of the Normal."

The following men reported: Scarlett, Vandersloot, Leech, McClintock, Scott, Powell, Lyle, Homer Scott, Lollis, Saville, Heifner, Hunter, Wells, Blagg, Sawyer, McReynolds, Livengood, Miller, Garard, Hannan, Borcher, Clayton, Hahn, Palmer, Wakeman, H. Sawyer, Pickens.

All of the last year's team will be back again this season and will have to work hard if they hold their places, for there is quite a bit of promising material to pick from. Soccer football has been played for a week to get the men in condition.

the distinction of being the only one in the state in which every county is represented by a federated club.

The reports of the chairmen of the State Federation departments were taken up before the regular district session and were given by Mrs. Charles W. Greene of Columbia, home economics; Mrs. Richard Tafee of Carthage, conservation; Mrs. Baxter of Kirksville, civics and health; Mrs. Clara B. Graham of Charleston, education; Miss Pearl Mitchell of Roachport, industrial and social; Mrs. Gilbert F. Fox of St. Louis, legislation; Mrs. E. M. Platt of St. Joseph, press; Mrs. S. P. Sneed of Sedalia, literature and reciprocity. The reports of the district officers and committees then followed, and they were given by Mrs. J. E. Bailey, Maryville, credentials; Mrs. Miles Elliott of Chillicothe, president, and Miss Catha Wells of Chillicothe, secretary; Mrs. Baxter of Trenton, civics and health; Mrs. J. O. Duren of Jamesport, home economics; Mrs. Arnold of St. Joseph, industrial and social; Mrs. T. D. Jones of Chillicothe, legislative and civil reform; Mrs. Ed G. Orear of Maryville, literature and reciprocity; Mrs. E. M. Platt of St. Joseph, press.

Reports from the club delegates and other affairs relative to the district work and plans occupied the remainder of the morning.

Luncheon Hour Program.

At 12:30 o'clock luncheon was served in the parlors of the church by the Ladies' Aid society. Both the auditorium and parlors were decorated with potted plants, ferns and chrysanthemums.

Mrs. George Still of Kirksville, treasurer of the state, responded to the toast "A High Flyer," demonstrating in her talk that the up-to-date woman is not like the old fashioned one who wants to "sweep the cobwebs from the sky," but to free her brain and her heart from everything that would hamper and hinder and take up only those things for the best of living.

Mrs. Chivvis, Mrs. Henry N. Ess of Kansas City and Mrs. Miles Elliott of Chillicothe each made a short after-luncheon speech, and music was given throughout the hour by Miss Nash's mandolin orchestra.

The afternoon's program opened at 1:30 o'clock with a solo by Mrs. F. P. Robinson, with Mrs. Ralph Eversole accompanist. Mrs. Robinson's singing is always a delight to everyone, and the visitors who heard her this afternoon were added to her admirers.

Mrs. Henry N. Ess of Kansas City, one of the most prominent club workers in the state, and Miss Marie Goodman of Kansas City, vice president at large of the state, made the principal addresses of the afternoon program.

Mrs. A. E. Rush of St. Joseph, a delegate from the St. Joseph Federation, is being entertained during her stay at the home of her sister-in-law, Mrs. H. T. Hooker, and family.

One of the most interested delegates at the meeting is Mrs. Rufus Ringgold of Hopkins, representing the L. I. club. This club was federated during the last year and has been doing some splendid study.

Mrs. George Stephenson and Mrs. Giffin of Tarkio, delegates to the convention, are the guests of Mr. and Mrs. J. F. Montgomery and family.

The Democrat-Forum felt "all puffed up" last night because of the compliments given its special Women's edition on September 25, by Mrs. Chivvis. And to add to the puffiness, these compliments were spoken from the lecture platform last night while Mrs. Chivvis addressed the convention. Mrs. Chivvis graciously sent a personal message of greeting to the women editors on that occasion which was highly appreciated by the entire staff.

Mrs. Emily Newell Blair of Carthage, one of the prominent workers in the suffrage movement, except when she writes for the press, is Mrs. Harry Blair, and she has a decided preference for Maryville, because it is her husband's birthplace and childhood home. Mr. Blair had drawn a plat of the city so his wife could tell the old home site when she came on this trip. He also told her of his first sweetheart, but as he was only six years old at the time, Mrs. Blair made no effort to locate the lady.

Monarch Metal Weather Strips

Keep out the wind and cold and dust, making it easy to heat the house with a big saving of fuel. Also prevent rattling and make the windows and doors work easy. They are installed by our own expert mechanics and will last as long as the building.

PHONES—OFFICE 42. HOME 683

"Glory of Life in Fruition."

The Kansas City Post recently offered a prize for the best letter on "What Age is Woman Most Beautiful." The following is the first prize winning answer written by Adrian Endress of Kansas City:

Judgment asks: "At what age is woman most beautiful?"

Love whispers: "Every woman is lovely."

Reason protests: "Love is blind; ask Truth."

Truth: "My answer would be rejected; let every man decide."

Every man, by Wisdom counseled, remaineth silent.

Judgment: "Where is Justice."

Justice: "Nature hath her laws; let Nature answer!"

Nature: "My decree is that woman shall excel at 30. Silence, ye maids and matrons!

"Blossoms are the fragrant exhilaration of promise; the rustle of autumn leaves, the soothing satisfaction of fulfillment, but the chief beauty and glory of life is in fruition.

"Everything its season—at 30, woman!"

Young Women's Mission Circle.

The Young Women's Mission Circle of the Christian church will meet at 2:30 o'clock Saturday afternoon at the home of Mrs. G. P. Wright. Mrs. Stafford and Miss Jessie Bent will also be hostesses.

To Live in Maryville.

Arch Carter and his wife, who was Miss Hazel Everhart of this city, will make their home in Maryville this winter. Since their marriage, Mr. and Mrs. Carter have made their home in Hannibal until two months ago, when they went to Chicago, where each devoted their time to a special course of study in music.

Approaching Marriage Announced.

Miss Winifred Limerick of Savannah gave a 1 o'clock luncheon last Friday to announce the approaching marriage of her sister, Miss Constance Limerick, to Maurice G. Wolfers of Burlington Junction. The marriage will be solemnized at the home of the bride's parents on Thursday, October 28. They will make their home in Burlington Junction, where Mr. Wolfers is employed in the Northwestern bank. Miss Limerick has frequently visited in Maryville and is well known here.

In Southern California.

Dr. and Mrs. D. C. Wilson and daughter, Edith, of this city, who left early in June for San Francisco, Cal., are now located at Balboa Bay, in southern California, where they will spend the winter. At present Mr. and Mrs. R. S. Braniger, who are on a western tour, are guests of the Wilsons at Balboa. The Branigers are making an extensive western tour visiting all places of interest. They will return in a few weeks.

Loyal Bereans Meet.

The Loyal Berean class of the Wilcox Sunday school met Saturday night at the home of Misses Marie and Mabel and Emmett Lowe for the regular business meeting and social hour. Those present were Miss Lydia Onstott, Miss Bernice Duncan, Miss Edna Myers, Misses Alena and Catherine Holt, Miss Edna Garrett, Mr. and Mrs. George Myers, Atley Logan, Clinton, Glen and Thomas Adams, Marvin Bray, Joseph Hold, Eldon Job, Perry Onstott and the hosts.

Wright-Porterfield.

Miss Clara Wright, daughter of Mr. and Mrs. J. F. Wright of Clearmont, and Cecil J. Porterfield of Clearmont were united in marriage at 2 o'clock Wednesday afternoon at the parsonage of the First Methodist church, Mr. and Mrs. G. H. Porterfield, parents of the groom, and son and daughter, Eldon and Marie, witnessed the ceremony, which was performed by the Rev G. S. Cox. Mr. Porterfield and his bride went to Creston Wednesday night for a several days' visit, after which they will be at home in Clearmont.

Took Hogs to St. Joseph.

Nodaway county was represented by the following, each contributing a load of hogs to the market: G. S. Porter, George Long, C. E. Weakley, Collins Bros. and Lowrey & Co.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

How to Make Vinegar.

The housewife, either on the farm or in the city, who makes her own vinegar may be assured of both its purity and strength if she follows certain specific directions, according to Miss Carrie Pancoast of the Missouri College of Agriculture.

Good vinegar can be prepared from cider. Fill a barrel or cask half or two-thirds full. A considerable surface of the liquid must be exposed to the air. For this purpose, bore two-inch holes in opposite sides of the barrel—one near the surface of the liquid and one near the top of the barrel. Cover the holes with wire netting to prevent the entrance of flies.

One of three methods may be pursued in the formation of vinegar from the cider—(1) allow the cider to stand until souring occurs; (2) add a little vinegar of good quality, or (3) hasten the process by the addition of the "mother of vinegar," previously prepared.

Part of the vinegar may be drawn off and the loss made good with fresh cider, using care not to break the film. The added cider will rapidly be converted into vinegar, and the process may be repeated in three or four weeks.

When drawn off, the vinegar should be strained, and placed in tightly stoppered vessels—otherwise it will lose its strength.

Rexall Orderlies

Sick headache, biliousness, piles and bad breath are usually caused by inactive bowels. Get a box of Rexall Orderlies. They act gently and effectively. Sold only by us at 10 cents.

MAD DOG CALLS POLICE.

Upsets Telephone In Rampage and Central Does the Rest.

Danville, Ill.—A dog afflicted with rabies indirectly called the police department and thus brought about its own destruction. Before it was killed it overturned much of the furniture at the home of Louis Smith, its owner, and badly scared the servant.

In its rampage it upset a desk on which the telephone rested and as the receiver fell from the hook central asked for the number. The operator heard the howling of the dog and, believing that something was wrong, called the police department.

BABE TRAVELS IN BASKET.

Young Father Makes Long Journey With Motherless Child.

Eagle, Ariz.—With a clothes basket as a cradle for his month-old motherless babe R. E. Hiatt made the journey from Eagle to Sidney, Ia., to place the infant in the care of its grandmother. Mrs. Hiatt died just a month ago following the birth of twins, one of which died at birth.

A woman on the train volunteered to assist the young father, and the infant reached its destination safely.

Owns Wrong Land Twelve Years.

McMinnville, Ore.—Twelve years ago Josef Henrich bought eight acres of school land from the state, located, paid taxes and improved the place. N. W. Smith, who recently purchased thirteen acres from the state, discovered that Henrich had been living on his land and had paid taxes on another tract one mile south similar in description. In the twelve years Henrich had built a home on the Smith place, cleared some of the timber and cultivated the land. The Henrich tract in the meantime has not been touched.

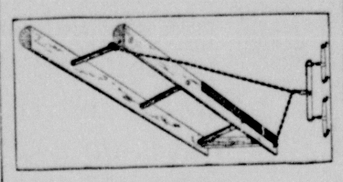
MAKING A SPLIT-LOG DRAG

Every Farmer Should Possess One of These Implements for Use on Roads After a Rainfall.

The halves of the drag should be framed together by wooden braces so that the split surfaces of the log shall be in front. The face of the drag should lie at an angle of 45 degrees with the lines of the road, thus drawing the earth toward the center. The rear log should follow in the track of the first. Drags should be used after rains, or continued wet weather to smooth the earth's surface and prevent ruts from forming to hold water.



Split-Log Drag.

The drag not only smooths the road, but crowns it and puddles the mud so that it is hard when dry.

These drags have been used with great success on clay or water-holding soils. Many stretches of black gumbo roads in the West are maintained by the use of this implement alone.

Every farmer should own one, and after a rain he should spend a few hours on the road adjacent to his farm. If there are many depressions to fill, the drag should be used when the road is wet.

After it has been used long enough to make the road fairly smooth, the drag gives the best results if used when the earth begins to dry.

GRAVEL TO SURFACE ROADS

With Good Material and a Little Attention Highways Should Last for Several Years.

(By E. B. HOUSE, Colorado Experiment Station.)

There has been much agitation during the past year concerning the surfacing of our principal roads and as in many parts of the state we find deposits of gravel it seems that this is the material which may be economically used. A few words concerning the construction of these roads may not be out of place.

First of all the construction should be such that the gravel is confined and held in position on the road. This is accomplished by so grading the earth foundation that shoulders are formed at the sides. The earth forming the shoulders should be well compact and solid, otherwise they will fail in the function required of them. Loose earth thrown up from the ditch at the sides of the road will not answer the purpose unless moistened and rolled with a seven or ten-ton roller.

The whole surface of the earth foundation should be graded to the required form and compact with the roller and the gravel then spread in a layer about four inches thick, in the center and two and one-half inches at the side. Enough sand or loam is then added to make the gravel "bind" well, this is mixed with the gravel with a harrow and the layer is then sprinkled and rolled until solid. Another layer of gravel is then spread over the first and treated in the same way. The result is a graveled surface 15 feet wide and six inches thick at the center and three and one-half inches thick at the sides, and if the gravel is of a good quality this road with a little attention should last for years.

Why a Country Road Unit.

A stretch of road of the utmost importance to a locality may be of little concern to a particular township involved (the people using another road), and hence there is no opportunity to have the entire stretch of the road improved as it should be. And we conclude that no system of roads that will answer present needs can be built under township units, because they are too small to carry on the work. Moreover, the cost would fall wholly on the township, whereas the center toward which the road goes is as much benefited, but may be in a different township. County control of the main roads would be better; the law could let each county vote for or against county control.—A. N.

A Land of Beauty.

Maryland appropriates $4,000,000 for road improvements, a part of which must be spent for planting trees along the highways. Maryland is naturally a land of beauty; with good roads her rural districts will be doubly attractive.

Italian Regulations.

Italy is drafting and will enforce a series of regulations covering the width of wheel rims to be allowed on highways.

LAUGHS SELF TO DEATH.

Victim Forced to Leave Dinner, Found Dead on Lawn.

Patchogue, N. Y.—During a dinner of the Jeffersonian Democratic club at Avery's hotel, on the beach at Blue Point, William P. Gardiner, a prominent resident of this place, strangely disappeared.

Mr. Gardiner laughed so immoderately at jokes that were passing about the table that he had to leave the table. He walked on the veranda, and then the merrymakers forgot all about him.

When he had not returned to his home his wife made inquiries. His friends recalled that he had left the table, but they had not seen him after that. A search was begun, and his body was found in a flower bed on the hotel lawn.

Coroner E. S. Moore of Bayshore ordered an autopsy, and it was found that he had died of heart disease; that probably his heart was not strong enough to stand the strain of his continued and hearty laughing.

PAT-PAT PLEADER A KISSER.

Anti-osculator Was Busy In Former Days, Say Nieces.

Huntington, W. Va.—Dr. E. W. Grover, president of the Huntington board of health, has met with an unkind set back in his campaign to do away with kissing and substitute the "pat-pat," in which one gently taps the cheeks of his beloved instead of imprinting old fashioned kisses on her lips.

His three nieces, Mrs. Mertle Funk, Mrs. Rome Baker and Mrs. Mary Grover, who live in Los Angeles, Cal., have now written:

"When it came to osculatory pursuits our uncle was a humdinger in by gone days. The other boys didn't have a chance with him. He was some kisser."

Dr. Grover has received hundreds of letters protesting against his "pat-pat" system. A Cleveland man has termed him "a superannuated old stick."

FINDS DISEASE PERIL IN SWIMMING POOLS

Health Board Warns Bathers of Poluted Water.

Washington.—A swimming pool, says the United States public health service, may become polluted and transmit disease.

Ninety-one large municipalities in the United States have established public swimming pools to meet the desire for knowledge of swimming. The public health service publishes an article by Dr. Wallace A. Manheimer of Columbia university on the results obtained from an examination of six pools.

It is pointed out that in swimming in polluted water typhoid fever, conjunctivitis and other diseases may be contracted. The report gives in detail the results of the bacterial analyses made of the various pools and also of the effects of refiltration and chemical disinfection.

When the water is unfiltered it is apt to be cloudy, thereby making the danger of accidental drowning very great. When refiltration is practiced the water becomes clear and this danger is obviated.

The report concludes that the cubic capacity of a pool affects its sanitary condition, that the process of adding dilution water is an efficient means of reducing the number of bacteria and that supervision of the health of attendants is an important factor.

The combination of refiltration and disinfection by the use of calcium-hypo-chlorite renders the sanitary conditions of the water excellent, says Dr. Manheimer.

WED AFTER FORTY YEARS.

Old Sweethearts Meet and In a Few Hours Are Engaged.

Evansville, Ind.—Joseph Parrott, fifty, of Wichita, Kan., and Mrs. Penelope Riggs, aged fifty, of this city, sweethearts forty years ago, were married at St. James M. E. church in the presence of a number of friends and relatives after a few days' courtship.

Several days ago Parrott came here to visit old friends after an absence of forty years. He met Mrs. Riggs, and in a few hours they were engaged.

After spending a few days here Mr and Mrs. Parrott will go to Wichita where they will live.

Makes Smallest Penknife.

Altoona, Pa.—What is perhaps the smallest penknife in the world has just been completed by M. A. Kaufman, employed in a jewelry store here. It measures 5-32 of an inch in length, with a blade less than 2-16 of an inch long. The handle is solid gold, while the blade and spring are of tempered steel. The knife is kept in a bottle to prevent losing it. The workmanship must be seen through a magnifying glass.

First Wages Paid to Convicts.

Verona, N. J.—Under a recent statute the plan of paying prisoners in the Essex county penitentiary in Caldwell has been begun. Thirty prisoners under charge of two guards were put to work repairing Grove avenue, between this town and Caldwell. It is purposed to turn over the wages to the dependent families of prisoners. The amount paid will not exceed 50 cents.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

WOMAN'S EFFORTS AS A MUNICIPAL HOUSEKEEPER

By ELIZABETH MORTON.

I expect there are none of us but have at some time or other left our homes for a longer or shorter time to the tender mercies of the men folk's housekeeping. And we shall never forget the feeling that came to us as we opened the door on our return and got our first sight of conditions.

They thought they had everything in good order, bless them, but didn't we begin to pull the shades straight, and push things into place, even before we got our hats off? But we were not surprised. We don't expect men to be good housekeepers.

A few years ago the women in different parts of the country began to realize that something must be done in regard to the unhealthful conditions existing in the cities and towns. They said, "Man's city keeping is as bad as his bachelor keeping," and 6,000 women's clubs said, "Let us show you how to make your cities clean and fit to live in." At first the men were not in the least inclined to be shown, but now, beginning with the western states, women commissioners and inspectors are being appointed in most large cities.

It was through the influence of the Civic Club of Philadelphia that, nearly 20 years ago, the first trash boxes, which now we see on every city clock, were installed. Nowadays a reputable citizen does not throw so much as a scrap of paper on the sidewalk, and even the newsboy knows where his banana peel belongs, but they did not take kindly to it at first. They had to be shown, but now, beginning with the western states, women commissioners and inspectors are being appointed in most large cities.

It was through the influence of the Civic Club of Philadelphia that, nearly 20 years ago, the first trash boxes, which now we see on every city clock, were installed. Nowadays a reputable citizen does not throw so much as a scrap of paper on the sidewalk, and even the newsboy knows where his banana peel belongs, but they did not take kindly to it at first. They had to be trained to this tidy way in civic affairs. Clubs were started among school children. They were enlisted

VOLUME 6. MARYVILLE, MISSOURI. THURSDAY, OCT. 14, 1915. NO. 114.

WOMEN'S BUSINESS AFFAIRS TODAY AFTER PLEASANT OPENING RECEPTION

Club Delegates Are Applying Themselves "Manfully" to Work, Following Welcome and Felicitations in Social Hours at Normal Last Night.

A large assemblage was present last night at the reception given at the State Normal school to welcome the visitors who are guests of the city club women at the annual meeting of the first district of the Missouri Federation of Women's Clubs. The gathering also formally opened the convention, and it was attended by about 250 Maryville people, who were there to greet the visitors and delegates, who numbered about 75.

A program was given in the assembly hall of the Normal af er the crowd had assembled. The stage and hall had been handsomely decorated with ferns, yellow chrysanthemums and yellow and white bunting, these colors being the chosen ones of the district represented.

While the guests were arriving Maulding's orchestra presented a musical program. The opening numbers were two songs given by a ladies' chorus composed of Mrs. H. C. Todd, Mrs. H. L. Raines, Mrs. F. M. Townsend, Mrs. Charles Moore, Mrs. D. J. Thomas, Mrs. Fred Harvey, Mrs. R. L. Finch, Mrs. Rolla Alexander, Mrs. H. B. Schuler, Mrs. J. E. Bailey, Miss Jean Horn, Miss Orril Helwig, Miss Marjorie Wilfley and Miss Ada Clayon, with Mrs. Warren Jackson accompanist. Their selections were "Cheerfulness," Gumbert, and " De Coppah Moon," Shelley.

Mrs. Ferdinand Michau Townsend appeared next on the program, giving a vocal solo, which was exceptionally pleasing, and she responded to an encore, giving a second number equally as pleasing as her first.

Gives Welcome Speech.

The address of welcome for the clubs of the city was given by Mrs. G. H. Colbert, president of the City Federation.

Mayor U. S. Wright gave the greetings and welcome for the city, and made Maryville "theirs" for the convention, and made the entire crowd feel "at home" in a very few moments by a clever and brief speech of greeting

This was responded to on behalf of the visitors by Mrs. J. M. Dunn, a representative of the XIX club of Chillicothe.

The final musical number of the program was a solo given by Mrs. D. J. Thomas, which was received with great applause, and the singer was forced to respond to an encore, giving for the second a lullaby song which was a delight to the listeners. Dr. D. J. Thomas was accompanist for both Mrs. Thomas and Mrs. Townsend.

State President Speaks.

Mrs. W. R. Chivvis of St. Louis, president of the State Federation, followed with the principal address of the evening. Mrs. Chivvis possesses an unusual charm of manner, a voice of pleasing intonation, and a decided genial wit which made her audience follow closely on every word.

Mrs. Chivvis spoke of the work of the State Federation, gave a little of the various departmental plans and hopes for the future, touched on the greatest of all institutions, the home, and the relation of all of these things to the great movements in life.

President Ira Richardson of the State Normal closed the program with a short address in which he spoke of the relation of club work and school life and showed the great opportunities for culture and advancement in the proper relation to the two.

Mr. Richardson also welcomed the guests to the Normal building, and gave them a cordial invitation to visit all parts of the school. The entire upper floor was opened to the visitors last night, and the Normal faculty assisted the club women in every way to make the night one of open hospitality and pleasure to the visitors.

Following the program a supper was served in the library rooms of the Normal, the entire company being seated at the same time at tables laid for ten each. Maulding's orchestra presented a musical program. The menu was served by Reuillard, who was assisted by a corps of twenty-five waiters.

The reception committee for the evening was composed of Mrs. M. G. Tate, president of the Twentieth Century club; Mrs. B. C. Halley, president of the Mutual Improvement Circle; Mrs. E. Ogden, Mrs. Anderson Craig, Mrs. R. H. Duncan, Mrs. G. B. Holmes, Mrs. F. M. Martin, Mrs. J. F. Cook, Mrs. W. A. Bailey, Mrs I. W. Nixon and Mrs. Walter Mutz, and their assistants were Miss Beulah Brunner, Miss Hettie Anthony, Miss Alice Porter, Miss Grace Langan, Miss Mabel Todd, Miss Kate Schenck, Miss Dora Carpenter, Misses Jeanette and Julia Tate, Miss Dorothy Pierce, Mrs. Roy Collins, Mrs. R. W. Pettit, Mrs. A. A. Brewer and Miss Ruth Montgomery.

Convention Workers.

The committees from the Maryville clubs who have been in charge of the convention are:

House—Mrs. B. C. Halley, Mrs. W. A. Rickenbrode, Mrs. John Richey and Mrs. E. B. Sheldon.

Invitation—Mrs. R. L. McDougal, Mrs. C. B. Roberts, Mrs. Charles Bellows and Mrs. O. C. Hanna.

Program—Mrs. D. J. Thomas, Mrs. F. M. Martin, Mrs. C. C. Corwin and Mrs. E. G. Orear.

Music—Mrs. Harry Todd, Mrs. I. W. Nixon, Mrs. Rolla Alexander and Miss Nelle Hudson.

Badges—Mrs. George Robert Eaton, Mrs. W. O. Garrett, Mrs. W. A. Bailey and Mrs. Earl Baker.

Decorations—Mrs. D. J. Thomas, Mrs. I. W. Nixon, Mrs. Henry Foster, Miss Fannie Hope and Miss Mildred Miller.

Refreshments—Mrs. Noble Covey, Mrs. L. R. Holt, Mrs. Berney Harris and Mrs. W. C. Van Cleve.

Publicity—Miss Schenck, Miss Lucie Davis and Miss Jessie Parcher.

Hospitality—Mrs. T. L. Wilderman, Mrs. W. A. Burris, Mrs. S. G. Gillam, Mrs. C. C. Corwin and Mrs. G. H. Colbert.

Credentials—Mrs. John Bailey, Mrs. E. G. Orear, Mrs. D. J. Thomas and Miss Dorothy Pierce.

Transportation—Miss Ruth Montgomery, Miss Marjorie Wilfley, Mr. B. M. Chandler, Miss Dora Carpenter, Miss Marie Reuillard and Miss Gertrude Wright.

City decoration—Mrs. E. G. Orear, Miss Bertha Beal, Mrs. John Richey, Mrs. I. W. Nixon and Mrs. Gallatin Craig.

In Session Today.

Today's session opened at 9 o'clock this morning in the First Christian church. Prof. P. O. Landon gave an organ prelude for the first number of the program, and the pastor, the Rev. Robert Lyle Finch, gave the invocation. The meeting was then given over to the reports of the state board of directors of the Missouri federation, which has been in session in this city since Tuesday morning. The meeting of the state board of twenty-five members, held at this time, has added greatly to the interest and profit of the district convention.

Sixty-six delegates are registered, which include representatives of the twenty-five clubs in the district. The first district is composed of the fifteen counties in the northwest section of the state. The first district bears

O INHOSPITABLE JUDGE!

Man Guilty of Drunkenness Can Avoid Paying Fine If He'll Stay Out of Town One Year.

Maryville people are sometimes inhospitable. For instance, Mayor U. S. Wright fined a man $20 for drunkenness this morning and then remitted the fine if the man would agree to stay out of Maryville for one year—and keep the promise.

So if City Marshal Moberly sees C. A. Race within the city limits anytime within the next twelve months, he may take him before the police court and the city will be richer by $20 or have a boarder. Tom Hall was fined $5 and costs for drunkenness this morning also. Hall claims his home is in Kentucky. He is serving out his fine in the city jail.

WORKING ON GREENHOUSE

Foundations Being Laid for New Normal Building, Northwest of the Powerhouse.

AGRICULTURAL EXPERIMENTS

Work was started this week on the foundation of a building at the Normal grounds to be used for a greenhouse. Lord & Burnham of Chicago, have the contract for the job and the building will probably cost $2,500.

The new building will be east of the main building and northwest of the power house. There will be three sections or rooms, the center section being 75 feet long and 22 feet wide, while the end section wsill be 18 feet wide.

It will be used for the study of flowers and plants by the agriculture department of the Normal. It is expected that the building will be completed within the next few months, although no time has been stipulated.

BEEN MARRIED SIXTY YEARS

Elder and Mrs. C. J. Carmichael of Hopkins, to Be Visited by Friends Next Monday.

Elder and Mrs. C. J. Carmichael of Hopkins will celebrate their sixtieth wedding anniversary on next Monday, says this week's Hopkins Journal. The members of their church, as well as some of their other friends, have planned to go to the Carmichael home that day and all will take well filled baskets. In the afternoon several will make addresses, including, no doubt, an interesting talk by Elder Carmichael himself

RUSSIA AGAIN ON OFFENSIVE

Forward Movement Along Entire Eastern Front From Baltic to Buckowina.

Special to The Democrat-Forum.

Petrograd, Oct. 14.—The Russians have taken the offensive on all the eastern front from the Baltic to Bukowina. The cavalry in Galicia is inflicting heavy losses on the retreating Austrians.

Von Hindenburg has been checked in his advance against Dvinsk, and the situation in the center is developing favorably.

THE CHAMPS GOT HOME.

But Red Sox Arrived Too Early and Few Met Them.

Special to The Democrat-Forum.

Boston, Oct. 14.—The Boston Red Sox, world's champions in base ball for 1915, arrived here this morning at 7 o'clock. They were not expected until later, and only a few fans saw them get home.

The team met at the Fenway park this afternoon to divide the winner's share of the gate receipts for the first four games. It was more than $3,000 for each player.

WILSON FOR WAR FUNDS.

Approves Plans of Secretary Garrison for Increase in Army Appropriations.

Special to The Democrat-Forum.

Washington, Oct. 14.—President Wilson today approved the plan of Secretary of War Garrison for an increase of $74,000,000 in the appropriation for the army. It was learned at the White House that congress would be asked for $180,000,000.

The entire amount will go for coast and field artillery. Representative John Hay of Virginia, chairgan of the house committee on military affairs, went over the schedule with the president this morning.

TICKET SALE BEGUN

1915 LYCEUM COMMITTEE DESIROUS OF EARLY RESPONSE.

DR. MACQUEEN'S HISTORY

Record of Honors and Travels of Man Who Will Appear in Course February 17.

The preliminary canvass for sale of tickets for the 1915 lyceum course was begun yesterday. A round of the business houses was made which resulted in the selling of 150 tickets. Many men were not in, however, and a large number of others wished to advise with their families.

The number is not quite so good as last year's first canvass, but the committee feel sure that the much better course which is offered this year will be met with a hearty response when a thorough canvass is made. But it will be a great accommodation to the committee if the reservations are made as quickly as possible.

The desire for an early response is two-fold. All of the men on the ly-

DR. PETER MacQUEEN, F. R. G. S.

ceum committee are giving days of their time to the work for which they will receive nothing, not even a ticket. Yet they are obligated legally for any deficit, is one should occur. The signing of Miss Alice Nielsen and a higher grade of talent in all the numbers makes the 1915 course a great deal more expensive.

So for the peace of mind of those public spirited men who have made the lyceum possible for three years, it is well to let them know at once how many tickets you will want. The tickets were placed on sale at the schools today, and it is hoped that a large number of the half-price tickets will be sold as the lyceum is particularly valuable to children in school.

Following is an account of the equipment of Peter MacQueen, F. R. G. S. winner of the highest geographical honor in the world, for education and entertainment upon the platform. An account of his work completes the list of biographies of lyceum talent which have been printed in The Democrat-Forum.

Dr. MacQueen is a Scottish American of virile type. He is a graduate of Princeton university, and other prominent institutions of learning.

His first travels were made in Greece and Armenia, in 1896.

In 1898 he was war correspondent with the American armies in Cuba, attached to the army of Colonel Roosevelt, and was later made an honorary member of the "Roosevelt Rough Riders."

In 1902 was sent to the Panama canal to report to Mr. Roosevelt existing conditions.

In 1904 was in Servia during the murder of the king and queen.

In 1907 and part of 1908 in Central Africa, where Roosevelt hunted in the jungles, after which he wrote his famous book, "In Wildest Africa," published in 1909.

In 1911 with the army of Madero in Mexico, and was with that famous general when he drove out old President Diaz.

Mr. MacQueen is the author of three well known books of travel.

He is a personal friend of ex-President Roosevelt, King George of Greece, the imperial minister of the czar, and many of the leading generals and diplomats of Europe and the United States.

His travelogues are profusely illustrated with the best pictures that can be made. His speech on the subject in hand is unusually brilliant, witty and convincing.

Dr. MacQueen is an authority in this country on international questions. He has extensively traveled in the Philippines, Africa, Siberia, and all of South and Central America. He will be on the lyceum platform here February 17.

MISS ANTHONY HONORED

Head of Home Economics at State Normal Speaker at National Meeting of Teachers.

IN NASHVILLE OCTOBER 16-17

To be invited by the United States commissioner of education, P. P. Claxton, to speak at the meeting of all the Home Economics teachers in state normal schools in the United States, is the honor which came to Miss Hettie M. Anthony, head of the home economics department of the State Normal school here.

The subject given her by Mr. Claxton is one in which she has shown much aptitude and interest here, particularly in her work in the farm and home institute and the Agricultural and Domestic Science association. It is: "The Relation of the Home Economics Teacher in the Public Schools to Their Immediate Community and to the State."

Miss Anthony left today for Nashville, Tenn., where the sessions of the convention will be held in the auditorium of George Peabody Institute, October 16 and 17. Special attention will be paid at this meeting to the extension work of normal schools.

Mr. Claxton will preside at this meeting, which is one of a number which are being held in the various sections of the country by the commissioner.

COX SPEAKING AT ATCHISON

Methodist Pastor Invited to Home Coming Festival of Church There This Week.

The Rev. Gilbert S. Cox, pastor of the First Methodist church, left this morning for Atchison, Kan., where he will give an address tonight at the Methodist church. The church is holding an eight-day fall festival and home-coming week.

The program began last Sunday and will continue through next. A prominent speaker is secured for each night of this week and tonight is Rev. Cox's night. His subject is "Making a Masterpiece." The program refers to Mr. Cox as a brilliant orator and singer.

A new church is being built there and the festivities are a part of the rally for the new building. Mr. Cox is somewhat acquainted in Atchison on account of his going to school in Baldwin, Kan., at Baker university.

20,000 GERMANS DAILY.

French Say Counter Attacks Continue Without Regard for Life.

Special to The Democrat-Forum.

Paris, Oct. 14.—German counter attacks continue in the Champagne and Artois regions without any regard for the loss of life. It is estimated that the Teutons have been losing 20000 daily since the unsuccessful efforts to regain their lost ground began.

WILL PLAY PATTONSBURG.

Garard Will Take Picked Basket Ball Team Home With Him.

Leland Garard, a student in the State Normal school from Pattonsburg, and a member of the basket ball squad, will take a picked team home with him Saturday morning. They will play the Pattonsburg high school team Saturday night.

Garard and Homer Scott will be the guards, Omer Lyle and Oscar Lollis, forwards and Lee Scarlett, center, on the team from Maryville. The team will remain there Sunday as guests of Mr. Garard.

Revival and Central Friendship.

The Rev. A. M. Kirkland of Mound City is holding a revival at Central Friendship church, near Clearmont. Six candidates for baptism came forward last night. Rev. R. R. Watts is pastor of the church. The meetings will continue as long as the interest justifies.

The Ladies of St. Patrick's church will hold a MARKET at Bower Hardware Store Saturday, October 16

URGES MERGING OF BANKS

Secretary of Treasury McAdoo Says Federal Reserve and Sub-Treasuries Duplicate.

Special to The Democrat-Forum.

St. Louis, Oct. 14.—William G. McAdoo, secretary of the treasury, with Mrs. McAdoo and their guests arrived in this city today on their way to the west. Mrs. McAdoo is a daughter of President Wilson.

Mr. McAdoo said that the greatest prosperity the country had ever known was before us. "The Federal Reserve system has made money available, giving us a dominant position in the financial world," he said.

A recommendation that congress merge the Federal Reserve Banks and the United States Sub-Treasuries will be made to the Senate and House by the Secretary. Mr. McAdoo said that they should be merged because they do duplicate work.

PARIS IN TURMOIL

STRONG AGITATION FOR MAKING PUBLIC DIPLOMATIC WORK.

THE PEOPLE ARE UNEASY

Want to Know Why Bulgaria Was Lost and What is Being Done to Win Greece.

Special to The Democrat-Forum.

Paris, Oct. 14.—The strong hostile agitation which resulted in the resignation of Minister of Foreign Affairs M. Delcasse yesterday, continues today, notwithstanding the almost unanimous vote of confidence in the cabinet by the deputies this morning.

Violent speeches are being made against certain governmental policies and this influence is not cowed by the denials by high officials that there was any lack of harmony among the leaders in the ministry.

One faction is opposed to the premier's policy of silence concerning the Balkan situation. It is asserted that silence causes the belief among the French people that things are not going as they should.

The people want to know what the French diplomats did to keep Bulgaria from siding with Germany, and what they are now doing to ally Greece and Roumania with the entente powers.

The Balkan situation is causing much uneasiness in Paris, and the cabinet is meeting all day in a discussion of the problem. M. Viviani, premier, announced today that he would have charge of foreign affairs as well as being president of the council. He said that the obligation of France to her allies made it impossible to make diplomacy public.

FUNERAL HELD TODAY.

Mrs. William Edwards Died at Hopkins—Adopted Son, W. G. A. Edwards, Lives Here.

The funeral services for Mrs. William Edwards of Hopkins, who died Tuesday night at 11 o'clock at her home, following a long illness of cancer, were held this afternoon at the residence, and burial took place at the White Oak cemetery. Mrs. Edwards was 60 years old and had been a resident of Nodaway county over thirty-five years. Besides her husband she leaves one son, John Edwards of Dolan, S. D. An adopted son, W. G. A. Edwards, lives in Maryville, and he and his family are in Hopkins today attending the funeral.

SERB ARMY TRAPPED

BULGARIANS CUT NISI-SALONIKI RAILWAY, SOFIA SAYS.

LONDON WON'T BELIEVE

English Say Army Could Not Have Moved 60 Miles in Three Days—Vienna Claims.

Special to The Democrat-Forum.

London, Oct. 14.—The Bulgarians have cut the Nisi-Saloniki railway and have advanced sixty miles into Servia, according to a Sofia dispatch. The Kitka heights were captured twenty-five miles west of the railway.

This indicates that the entire Servian army has been trapped by the German and Austrian forces, with the co-operation of the Bulgarian forces. They are now almost surrounded.

The loss of the railway prevents the allies from getting their re-inforcements from Saloniki into Servia. Vienna claims successes against the Servians also.

The Sofia dispatches are not believed to be true here, because it would be practically impossible for the Bulgarian army to have advanced sixty miles in three days.

BOMBS UPON LONDON AGAIN

Forty-one Killed and 101 Wounded, But Property Damage Was Slight.

Special to The Democrat-Forum.

London, Oct. 14.—Late reports from the press bureau say that the full list of dead is now 41 and the injured 101. Last night's raid is the most destructive ever made, it is admitted.

London, Oct. 14.—The drastic new lighting regulations of London prevented last night's Zeppelin raid from being very serious, because the Germans, in the darkness, had no targets to shoot at.

Six men and two women were killed, one a soldier. Thirty-four were wounded. Incendiary bombs were dropped and small fires started, but all were quickly extinguished by the fire brigade.

No military property or public buildings were struck.

COOPER "BUSIEST MAN" NOW

Printing and Mailing of Literature for Corn Show and Teachers a Task. 100 Coming From Gentry.

Bert Cooper, county superintendent of school, is qualifying this week as the county's busiest person. Reason the county's busiest person. Reason?—The Corn Show is only two weeks off. Also The Farm Institute and The County Teachers Meeting.

It was great encouragement to him to hear from Egbert Jennings, county superintendent of Gentry county, that 100 teachers of that county have signed up to come. The decision of the Maryville teachers to attend the meetings here rather than to go to Kansas City to the State Association next month also assured a successful meeting.

Mr. Cooper is mailing out programs to the teachers of the county today. With them, he is sending the examination questions for the first quarter, a manual of thirty-two pages about the accepted system of penmanship, and other literature.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

A gathering of women should feel more at home in a town named Maryville than Williamstown, for instance.

"Hoosier Moosers" as a title is about in a class with the old "six Thick Sticks" tongue twister.

If Herbert Hadley could only realize how good the Dickey barrel looks to some of the faithful he would cast ambition aside and get out of the way.

Henry Fabre, the French entomologist, lived for 92 years in poverty. Although he became famous the world over for his work with insects, it is feared that the world at large will think him "buggy."

Von Jagow says that the breaking of Greek neutrality by the landing of troops at Saloniki shows that the protest of the world against the German invasion of Belgium was cant or "Schwindel." But we'll wait for some tales of "frightfulness" before agreeing.

That base ball virus seems to be in the blood of all classes now. The Presbyterian synod of Kansas, in session at Emporia, had the world series results bulletined in the church, and a St. Joseph judge permitted the jury to get the results at intervals during a trial.

OUR GUESTS, THE LADIES.

The club women of northwest Missouri and those of the state board have been sufficiently welcomed. The president of the City Federation, the mayor and others have done so officially, and the people have welcomed them to their homes. They are bright, broad and interesting women, full of enthusiasm, abundant in initiative and endowed with boundless energy in the pursuit of those things which they deem desirable.

The Democrat-Forum is glad to have them come to our city. Aside from the fact that they are pleasant visitors, we are glad to be able to show them Maryville, a city where beauty, civic excellence and educational advantages have been greatly advanced by the wholesome influences and unselfish work of her public spirited women. We are glad to show them the magnificent county of Nodaway, in whose fertile lands Maryville, the queen of the northwest, is domiciled. We are glad to show them the finest bunch of club women in all Missouri, and we are glad to have their excellent spirit, their enthusiasm and their ideals liberated in our midst.

Dreams do not all come true. Visions are not all realized in practical life and ideals are shattered and rejected by an unsympathetic public, but, after all, whether among men or women, great achievements are preceded by great visions. They are the compelling force that lead men on to greater things. The ideal and the awakening must come first; no man ever left footprints in the sands of time who slumbered without an awakening.

The intermingling of these women who do things serves to inspire and encourage all. The slumberers are awakened, the doubters are convinced and the lame are cheered. Their presence here will no doubt lend a new and greater inspiration to the women of Maryville.

The present tendency of club women is to broaden their sphere of usefulness. They are no longer satisfied to meet and do embroidery while diagnosing the affairs of their neighbors, or even to study art and literature. They are studying civic problems and legislation and in co-operating with progressive men are achieving very apparent results. They are not infallible nor are they always practical, but many very practical and beneficial results are following the united efforts of the public spirited women of the present day.

This Karo Premium Griddle
LABELS from 50c worth of Karo (blue or red) and 65c brings you fine 10½ inch aluminum griddle by parcels post prepaid. ONLY ONE "BEST."

Maryville People Give Credit Where Credit is Due.

People of Maryville who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Maryville people. Here's a case:

Mrs. R. Snyder, 1108 East Third street, Maryville, says: "My kidneys bothered me for quite awhile, and I had a dull pain across my back. I felt tired all the time and couldn't rest well. After using a few boxes of Doan's Kidney Pills I got great relief. My health has been better since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Snyder had. Foster-Milburn Co., Props., Buffalo, N. Y.

RICHARDSON TO MEETING.

President of State Normal School to Give Addresses at Norborne and Plattsburg.

President Ira Richardson left this afternoon for Norborne and Plattsburg At Norborne, he will give an address before the agricultural association dress meetU
which is showing this week. At Plattsburg, he will address the county teachers meeting. His address at Norborne will be Friday and at Plattsburg on Saturday.

SEVENTEEN YEARS AGO TODAY.

This County Visited With Big Snow Storm, According to Alf Owens of Hopkins.

The Hopkins Journal says this week that Alf Owens recalls that seventeen years ago today this country was visited with a heavy snow storm. The day previous was as balmy as a day in June, but when Mr. Owens arose the next morning the ground was covered with snow and the wind was blowing a hurricane. It was the fall of the big sleet and hail storm that did so much damage.

To Give Oyster Supper.

There will be an oyster supper given at the Gray Grove school house Friday night, October 15. The entertainment is in charge of Miss Daisy Miller of King City, who is the teacher of the school.

ONE SPOONFUL GIVES ASTONISHING RESULTS

Maryville residents are astonished at the quick results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy acts on both upper and lower bowel and is so thorough a bowel cleanser that it is used successfully in appendicitis. One spoonful of Adler-i-ka relieves almost any case of constipation, sour or gassy stomach. One minute after you take it, the gasses rumble and pass out. The Koch Pharmacy.

MANY GO TO ELMO.

To Attend the Dedication of the Masonic Hall Tomorrow—A Big Supper to Be Served.

Judge E. T. Bailey, worshipful master of the Elmo Masonic lodge, was in the city today attending a session of the county court. The new Elmo Masonic hall is to be dedicated tomorrow and Judge Bailey says that plans are being made to entertain a big delegation from Maryville and other neighboring towns.

The dedication will take place in the afternoon at 2 o'clock, with District Deputy Grand Master J. E. Reece in charge of the ceremony. Addresses will be made by Dan R. Baker of Maryville and several others. At 5 o'clock a big supper will be served, and in the evening three third degrees will be conferred.

Many Masons from Maryville are intending to go.

TOWNSENDS
FOURTH AND MAIN STS

BRAVES ARE H. S. CHAMPS

Defeat of Pirates 4-1 Breaks Tie.—Harris Made Long Home Run Across Railroad.

The Braves are champions of the fall base ball tournament of the high school. The Tigers, who were running a bad third, dropped out of the schedule when the Pirates and Braves were tied. So it was agreed to play for the best two out of three.

The Braves, with Gillam and Harris as the battery, won again this week, making the best two out of three, and the fourth of five which the teams have played since school began. Van Cleve and Egley were the battery for the losers.

The score was 4-1 Monday and the game was featured by a home run by Harris. The ball fell across the tracks over right field and was probably the longest slug ever made on the Normal grounds. The game was stopped in the sixth on account of darkness.

17 GERMAN ORE SHIPS MISSING.

Believed at Stockholm That They Were Sunk by British Submarines.

Special to The Democrat-Forum.

Stockholm, Oct. 14.—Seventeen German steamers plying on the Baltic are missing and it is believed here that they have been sunk by English submarines. They were commissioned by the Kaiser's admiralty as ore steamers.

MARTIAL LAW IN THE HAGUE.

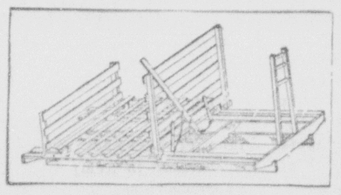
GOOD HAY RACK FOR LOADER

Device Intended to Do Away With Much Labor Necessary to Keep From Stopping the Team.

Those farm youths who have toiled beneath a 98-degree sun in an attempt to load ahead of a loader that was sweeping up heavy windrows, will see that the head of the farm looks into this invention that is designed to do away with the killing pace they have had to put up to keep from stopping the team and resting while they distributed the piles of hay that rolled up. The man on the hay rack can tell the driver to go ahead and calmly



Hay Rack for Loader.

tramp down the hay as it rolls up on the front end. When that is loaded, he moves a lever that unlocks a reciprocal truck on the bed of the rack and the hay loading surface of the rack is moved ahead and the rear half brought up under the loader to be loaded as was the front.—Farming Business.

NORMAL BASKETBALL ON

Regular Practice of Sport Supercedes Soccer Football.—Thirty Men Report to Hanson.

Thirty men rallied to the call of Coach Walter Hanson, for basket ball at the Normal last night. The interest is very high in this line of sport this year. Coach Hanson says:

"We are looking forward to the greatest season in the history of the Normal."

The following men reported: Scarlett, Vandersloot, Leech, McClintock, Scott, Powell, Lyle, Homer Scott, Lollis, Saville, Heifner, Hunter, Wells, Blagg, Sawyer, McReynolds, Livengood, Miller, Garard, Hannan, Borcher, Clayton, Hahn, Palmer, Wakeman, H. Sawyer, Pickens.

All of the last year's team will be back again this season and will have to work hard if they hold their places, for there is quite a bit of promising material to pick from. Soccer football has been played for a week to get the men in condition.

the distinction of being the only one in the state in which every county is represented by a federated club.

The reports of the chairmen of the State Federation departments were taken up before the regular district session and were given by Mrs. Charles W. Greene of Columbia, home economics; Mrs. Richard Tafee of Carthage, conservation; Mrs. Baxter of Kirksville, civics and health; Mrs. Clara B. Graham of Charleston, education; Miss Pearl Mitchell of Roachport, industrial and social; Mrs. Gilbert F. Fox of St. Louis, legislation; Mrs. E. M. Platt of St. Joseph, press; Mrs. S. P. Sneed of Sedalia, literature and reciprocity. The reports of the district officers and committees then followed, and they were given by Mrs. J. E. Bailey, Maryville, credentials; Mrs. Miles Elliott of Chillicothe, president, and Miss Catha Wells of Chillicothe, secretary; Mrs. Baxter of Trenton, civics and health; Mrs. J. O. Duren of Jamesport, home economics; Mrs. Arnold of St. Joseph, industrial and social; Mrs. T. D. Jones of Chillicothe, legislative and civil reform; Mrs. Ed G. Orear of Maryville, literature and reciprocity; Mrs. E. M. Platt of St. Joseph, press.

Reports from the club delegates and other affairs relative to the district work and plans occupied the remainder of the morning.

Luncheon Hour Program.

At 12:30 o'clock luncheon was served in the parlors of the church by the Ladies' Aid society. Both the auditorium and parlors were decorated with potted plants, ferns and chrysanthemums.

Mrs. George Still of Kirksville, treasurer of the state, responded to the toast "A High Flyer," demonstrating in her talk that the up-to-date woman is not like the old fashioned one who wants to "sweep the cobwebs from the sky," but to free her brain and her heart from everything that would hamper and hinder and take up only those things for the best of living.

Mrs. Chivvis, Mrs. Henry N. Ess of Kansas City and Mrs. Miles Elliott of Chillicothe each made a short after-luncheon speech, and music was given throughout the hour by Miss Nash's mandolin orchestra.

The afternoon's program opened at 1:30 o'clock with a solo by Mrs. F. P. Robinson, with Mrs. Ralph Eversole accompanist. Mrs. Robinson's singing is always a delight to everyone, and the visitors who heard her this afternoon were added to her admirers.

Mrs. Henry N. Ess of Kansas City, one of the most prominent club workers in the state, and Miss Marie Goodman of Kansas City, vice president at large of the state, made the principal addresses of the afternoon program.

Mrs. A. E. Rush of St. Joseph, a delegate from the St. Joseph Federation, is being entertained during her stay at the home of her sister-in-law, Mrs. H. T. Hooker, and family.

One of the most interested delegates at the meeting is Mrs. Rufus Ringgold of Hopkins, representing the L. I. club. This club was federated during the last year and has been doing some splendid study.

Mrs. George Stephenson and Mrs. Giffin of Tarkio, delegates to the convention, are the guests of Mr. and Mrs. J. F. Montgomery and family.

The Democrat-Forum felt "all puffed up" last night because of the compliments given its special Women's edition on September 25, by Mrs. Chivvis. And to add to the puffiness, these compliments were spoken from the lecture platform last night while Mrs. Chivvis addressed the convention. Mrs. Chivvis graciously sent a personal message of greeting to the women editors on that occasion which was highly appreciated by the entire staff.

Mrs. Emily Newell Blair of Carthage, one of the prominent workers in the suffrage movement, except when she writes for the press, is Mrs. Harry Blair, and she has a decided preference for Maryville, because it is her husband's birthplace and childhood home. Mr. Blair had drawn a plat of the city so his wife could tell the old home site when she came on this trip. He also told her of his first sweetheart, but as he was only six years old at the time, Mrs. Blair made no effort to locate the lady.

PHONES—OFFICE 42. HOME 683

"Glory of Life in Fruition."

The Kansas City Post recently offered a prize for the best letter on "What Age is Woman Most Beautiful." The following is the first prize winning answer written by Adrian Endress of Kansas City:

Judgment asks: "At what age is woman most beautiful?"

Love whispers: "Every woman is lovely."

Reason protests: "Love is blind; ask Truth."

Truth: "My answer would be rejected; let every man decide."

Every man, by Wisdom counseled, remaineth silent.

Judgment: "Where is Justice."

Justice: "Nature hath her laws; let Nature answer!"

Nature: "My decree is that woman shall excel at 30. Silence, ye maids and matrons!

"Blossoms are the fragrant exhilaration of promise; the rustle of autumn leaves, the soothing satisfaction of fulfillment, but the chief beauty and glory of life is in fruition.

"Everything its season—at 30, woman!"

Young Women's Mission Circle.

The Young Women's Mission Circle of the Christian church will meet at 2:30 o'clock Saturday afternoon at the home of Mrs. G. P. Wright. Mrs. Stafford and Miss Jessie Bent will also be hostesses.

To Live in Maryville.

Arch Carter and his wife, who was Miss Hazel Everhart of this city, will make their home in Maryville this winter. Since their marriage, Mr. and Mrs. Carter have made their home in Hannibal until two months ago, when they went to Chicago, where each devoted their time to a special course of study in music.

Approaching Marriage Announced.

Miss Winifred Limerick of Savannah gave a 1 o'clock luncheon last Friday to announce the approaching marriage of her sister, Miss Constance Limerick, to Maurice G. Wolfers of Burlington Junction. The marriage will be solemnized at the home of the bride's parents on Thursday, October 28. They will make their home in Burlington Junction, where Mr. Wolfers is employed in the Northwestern bank. Miss Limerick has frequently visited in Maryville and is well known here.

In Southern California.

Dr. and Mrs. D. C. Wilson and daughter, Edith, of this city, who left early in June for San Francisco, Cal., are now located at Balboa Bay, in southern California, where they will spend the winter. At present Mr. and Mrs. R. S. Braniger, who are on a western tour, are guests of the Wilsons at Balboa. The Branigers are making an extensive western tour visiting all places of interest. They will return in a few weeks.

Loyal Bereans Meet.

The Loyal Berean class of the Wilcox Sunday school met Saturday night at the home of Misses Marie and Mabel and Emmett Lowe for the regular business meeting and social hour. Those present were Miss Lydia Onstott, Miss Bernice Duncan, Miss Edna Myers, Misses Alena and Catherine Holt, Miss Edna Garrett, Mr. and Mrs. George Myers, Atley Logan, Clinton, Glen and Thomas Adams, Marvin Bray, Joseph Hold, Eldon Job, Perry Onstott and the hosts.

Wright-Porterfield.

Miss Clara Wright, daughter of Mr. and Mrs. J. F. Wright of Clearmont, and Cecil J. Porterfield of Clearmont were united in marriage at 2 o'clock Wednesday afternoon at the parsonage of the First Methodist church, Mr. and Mrs. G. H. Porterfield, parents of the groom, and son and daughter, Eldon and Marie, witnessed the ceremony, which was performed by the Rev G. S. Cox. Mr. Porterfield and his bride went to Creston Wednesday night for a several days' visit, after which they will be at home in Clearmont.

Took Hogs to St. Joseph.

Nodaway county was represented by the following, each contributing a load of hogs to the market: G. S. Porter, George Long, C. E. Weakley, Collins Bros. and Lowrey & Co.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Annual Bedding Sale

Begins Friday Morning, October 15th
Closes Saturday Night, October 23rd

Tomorrow morning at 8'clock, we will begin our annual sale of warm blankets in Wool, Cotton and Woolnap, and Comfortables or Comfort materials. This sale will continue for eight days, ending Saturday night October 23. This season we have the largest and most complete showing of blankets in wide range of qualities that we have ever had. A very cold, severe winter is predicted. Get your Bedding now in advance of this cold weather.

Cotton Blankets

Our offering of Cotton Blankets is very unusual. You would think our Nashau Woolnap Blankets were wool if we didn't tell you differently. Also, our Brunswick, Durham and other standard Cotton Blankets are exceptional values at regular prices—a bargain during the sale.

How to Make Vinegar.

The housewife, either on the farm or in the city, who makes her own vinegar may be assured of both its purity and strength if she follows certain specific directions, according to Miss Carrie Pancoast of the Missouri College of Agriculture.

Good vinegar can be prepared from cider. Fill a barrel or cask half or two-thirds full. A considerable surface of the liquid must be exposed to the air. For this purpose, bore two-inch holes in opposite sides of the barrel—one near the surface of the liquid and one near the top of the barrel. Cover the holes with wire netting to prevent the entrance of flies.

One of three methods may be pursued in the formation of vinegar from the cider—(1) allow the cider to stand until souring occurs; (2) add a little vinegar of good quality, or (3) hasten the process by the addition of the "mother of vinegar," previously prepared.

Part of the vinegar may be drawn off and the loss made good with fresh cider, using care not to break the film. The added cider will rapidly be converted into vinegar, and the process may be repeated in three or four weeks.

When drawn off, the vinegar should be strained, and placed in tightly stoppered vessels—otherwise it will lose its strength.

Rexall Orderlies

Sick headache, biliousness, piles and bad breath are usually caused by inactive bowels. Get a box of Rexall Orderlies. They act gently and effectively. Sold only by us at 10 cents.

MAD DOG CALLS POLICE.

Upsets Telephone In Rampage and Central Does the Rest.

Danville, Ill.—A dog afflicted with rabies indirectly called the police department and thus brought about its own destruction. Before it was killed it overturned much of the furniture at the home of Louis Smith, its owner, and badly scared the servant.

In its rampage it upset a desk on which the telephone rested and as the receiver fell from the hook central asked for the number. The operator heard the howling of the dog and, believing that something was wrong, called the police department.

BABE TRAVELS IN BASKET.

Young Father Makes Long Journey With Motherless Child.

Eagle, Ariz.—With a clothes basket as a cradle for his month-old motherless babe R. Z. Hiatt made the journey from Eagle to Sidney, Ia., to place the infant in the care of its grandmother. Mrs. Hiatt died just a month ago following the birth of twins, one of which died at birth.

A woman on the train volunteered to assist the young father, and the infant reached its destination safely.

Owns Wrong Land Twelve Years.

McMinnville, Ore.—Twelve years ago Josef Henrich bought eight acres of school land from the state, located paid taxes and improved the place. N. W. Smith, who recently purchased thirteen acres from the state, discovered that Henrich had been living on his land and had paid taxes on another tract one mile south similar in description. In the twelve years Henrich had built a home on the Smith place, cleared some of the timber and cultivated the land. The Henrich tract in the meantime has not been touched.

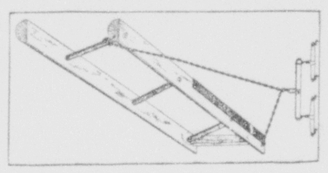
MAKING A SPLIT-LOG DRAG

Every Farmer Should Possess One of These Implements for Use on Roads After a Rainfall.

The halves of the drag should be framed together by wooden braces so that the split surfaces of the log shall be in front. The face of the drag should lie at an angle of 45 degrees with the lines of the road, thus drawing the earth toward the center. The rear log should follow in the track of the first. Drags should be used after rains, or continued wet weather to smooth the earth's surface and prevent ruts from forming to hold water.



Split-Log Drag.

The drag not only smooths the road, but crowns it and puddles the mud so that it is hard when dry.

These drags have been used with great success on clay or water-holding soils. Many stretches of black gumbo roads in the West are maintained by the use of this implement alone.

Every farmer should own one, and after a rain he should spend a few hours on the road adjacent to his farm. If there are many depressions to fill, the drag should be used when the road is wet.

After it has been used long enough to make the road fairly smooth, the drag gives the best results if used when the earth begins to dry.

GRAVEL TO SURFACE ROADS

With Good Material and a Little Attention Highways Should Last for Several Years.

(By E. B. HOUSE, Colorado Experiment Station.)

There has been much agitation during the past year concerning the surfacing of our principal roads and as in many parts of the state we find deposits of gravel it seems that this is the material which may be economically used. A few words concerning the construction of these roads may not be out of place.

First of all the construction should be such that the gravel is confined and held in position on the road. This is accomplished by so grading the earth foundation that shoulders are formed at the sides. The earth forming the shoulders should be well compact and solid, otherwise they will fail in the function required of them. Loose earth thrown up from the ditch at the sides of the road will not answer the purpose unless moistened and rolled with a seven or ten-ton roller.

The whole surface of the earth foundation should be graded to the required form and compact with the roller and the gravel then spread in a layer about four inches thick, in the center and two and one-half inches at the side. Enough sand or loam is then added to make the gravel "bind" well, this is mixed with the gravel with a harrow and the layer is then sprinkled and rolled until solid. Another layer of gravel is then spread over the first and treated in the same way. The result is a graveled surface 15 feet wide and six inches thick at the center and three and one-half inches thick at the sides, and if the gravel is of a good quality this road with a little attention should last for years.

Why a Country Road Unit.

A stretch of road of the utmost importance to a locality may be of little concern to a particular township involved (the people using another road), and hence there is no opportunity to have the entire stretch of the road improved as it should be. And we conclude that no system of roads that will answer present needs can be built under township units, because they are too small to carry on the work. Moreover, the cost would fall wholly on the township, whereas the center toward which the road goes is as much benefited, but may be in a different township. County control of the main roads would be better; the law could let each county vote for or against county control.—A. N.

A Land of Beauty.

Maryland appropriates $4,000,000 for road improvements, a part of which must be spent for planting trees along the highways. Maryland is naturally a land of beauty; with good roads her rural districts will be doubly attractive.

Italian Regulations.

Italy is drafting and will enforce a series of regulations covering the width of wheel rims to be allowed on highways.

LAUGHS SELF TO DEATH.

Victim Forced to Leave Dinner, Found Dead on Lawn.

Patchogue, N. Y.—During a dinner of the Jeffersonian Democratic club at Avery's hotel, on the beach at Blue Point, William P. Gardiner, a prominent resident of this place, strangely disappeared.

Mr. Gardiner laughed so immoderately at jokes that were passing about the table that he had to leave the table. He walked on the veranda, and then the merrymakers forgot all about him.

When he had not returned to his home his wife made inquiries. His friends recalled that he had left the table, but they had not seen him after that. A search was begun, and his body was found in a flower bed on the hotel lawn.

Coroner E. S. Moore of Bayshore ordered an autopsy, and it was found that he had died of heart disease; that probably his heart was not strong enough to stand the strain of his continued and hearty laughing.

PAT-PAT PLEADER A KISSER.

Anti-osculator Was Busy In Former Days, Say Nieces.

Huntington, W. Va.—Dr. E. W. Grover, president of the Huntington board of health, has met with an unkind set back in his campaign to do away with kissing and substitute the "pat-pat," in which one gently taps the cheeks of his beloved instead of imprinting old fashioned kisses on her lips.

His three nieces, Mrs. Mertle Funk, Mrs. Rome Baker and Mrs. Mary Grover, who live in Los Angeles, Cal., have now written:

"When it came to osculatory pursuits our uncle was a humdinger in by gone days. The other boys didn't have a chance with him. He was some kisser."

Dr. Grover has received hundreds of letters protesting against his "pat-pat" system. A Cleveland man has termed him "a superannuated old stick."

FINDS DISEASE PERIL IN SWIMMING POOLS

Health Board Warns Bathers of Polluted Water.

Washington.—A swimming pool, says the United States public health service, may become polluted and transmit disease.

Ninety-one large municipalities in the United States have established public swimming pools to meet the desire for knowledge of swimming. The public health service publishes an article by Dr. Wallace A. Manheimer of Columbia university on the results obtained from an examination of six pools.

It is pointed out that in swimming in polluted water typhoid fever, conjunctivitis and other diseases may be contracted. The report gives in detail the results of the bacterial analyses made of the various pools and also of the effects of refiltration and chemical disinfection.

When the water is unfiltered it is apt to be cloudy, thereby making the danger of accidental drowning very great. When refiltration is practiced the water becomes clear and this danger is obviated.

The report concludes that the cubic capacity of a pool affects its sanitary condition, that the process of adding dilution water is an efficient means of reducing the number of bacteria and that supervision of the health of attendants is an important factor.

The combination of refiltration and disinfection by the use of calcium hypo-chlorite renders the sanitary conditions of the water excellent, says Dr Manheimer.

WED AFTER FORTY YEARS.

Old Sweethearts Meet and In a Few Hours Are Engaged.

Evansville, Ind.—Joseph Parrott, fifty, of Wichita, Kan., and Mrs. Penelope Riggs, aged fifty, of this city, sweethearts forty years ago, were married at St. James M. E. church in the presence of a number of friends and relatives after a few days' courtship.

Several days ago Parrott came here to visit old friends after an absence of forty years. He met Mrs. Riggs, and in a few hours they were engaged.

After spending a few days here Mr and Mrs. Parrott will go to Wichita where they will live.

Makes Smallest Penknife.

Altoona, Pa.—What is perhaps the smallest penknife in the world has just been completed by M. A. Kaufman, employed in a jewelry store here. It measures 5-32 of an inch in length, with a blade less than 2-16 of an inch long. The handle is solid gold, while the blade and spring are of tempered steel. The knife is kept in a bottle to prevent losing it. The workmanship must be seen through a magnifying glass.

First Wages Paid to Convicts.

Verona, N. J.—Under a recent statute the plan of paying prisoners in the Essex county penitentiary in Caldwell has been begun. Thirty prisoners under charge of two guards were put to work repairing Grove avenue, between this town and Caldwell. It is purposed to turn over the wages to the dependent families of prisoners. The amount paid will not exceed 50 cents.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

WOMAN'S EFFORTS AS A MUNICIPAL HOUSEKEEPER

By ELIZABETH MORTON.

I expect there are none of us but have at some time or other left our homes for a longer or shorter time to the tender mercies of the men folk's housekeeping. And we shall never forget the feeling that came to us as we opened the door on our return and got our first sight of conditions.

They thought they had everything in good order, bless them, but didn't we begin to pull the shades straight, and push things into place, even before we got our hats off? But we were not surprised. We don't expect men to be good housekeepers.

A few years ago the women in different parts of the country began to realize that something must be done in regard to the unhealthful conditions existing in the cities and towns. They said, "Man's city keeping is as bad as his bachelor keeping," and 6,000 women's clubs said, "Let us show you how to make your cities clean and fit to live in." At first the men were not in the least inclined to be shown, but now, beginning with the western states, women commissioners and inspectors are being appointed in most large cities.

It was through the influence of the Civic Club of Philadelphia that, nearly 20 years ago, the first trash boxes, which now we see on every city clock, were installed. Nowadays a reputable citizen does not throw so much as a scrap of paper on the sidewalk, and even the newsboy knows where his banana peel belongs, but they did not take kindly to it at first. They had to be trained to this tidy way in civic affairs. Clubs were started among school children. They were enlisted

Visiting in Illinois.

Mrs. L. C. Gann and small daughter, Mirian, are visiting at Wyoming, Ill. Mrs. Gann went to accompany home her mother, Mrs. S. J. Leet, who has been spending the past month at Wyoming

Excursionists to See Texas State Fair.

Those who contemplate taking advantage of one of the low priced excursions to the Trinity Valley of EAST Texas, should arrange to make the trip on next Wednesday, October 20th, due to the opening of the Texas State Fair next week. The company has arranged to give the party a day enroute at Dallas giving them opportunity to attend this fair. The Texas State Fair is one of the largest and most attractive state fairs in the United States. Anyone interested in agriculture and live stock cannot afford to miss it. Write Otis & Strong, Maryville, Mo., for full particulars of this trip by Monday in order that your reservations may be made with the Nodaway county party.—Adv.
